

Straight Velcro Pop-Up Backdrop

Assembly Instructions

(1) Frame

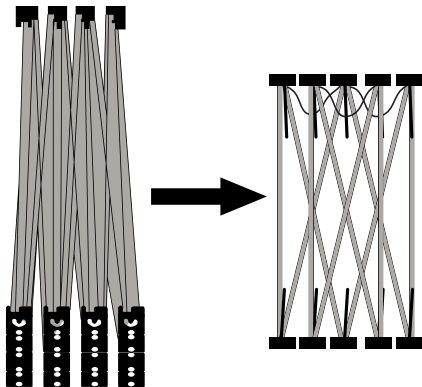

(2) Led Lights
(Optional)

(1) Backdrop Graphic

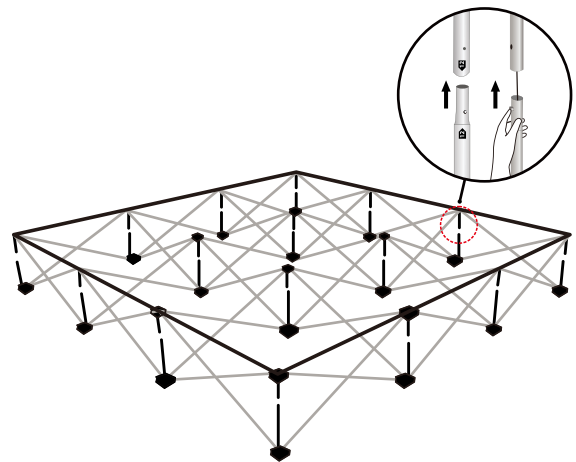

1 Unfold The Frame

Place the pop-up frame on the floor, with the front of the display facing up. Unfold the frame to the sides while it is laying on the floor.

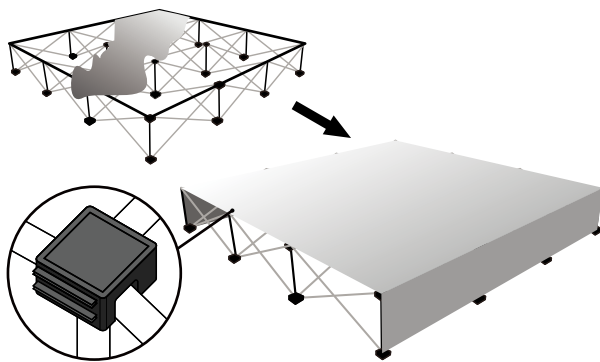

2 Connect All Locking Arms

Align all locking arms and click those together. Make sure all are secured in place.

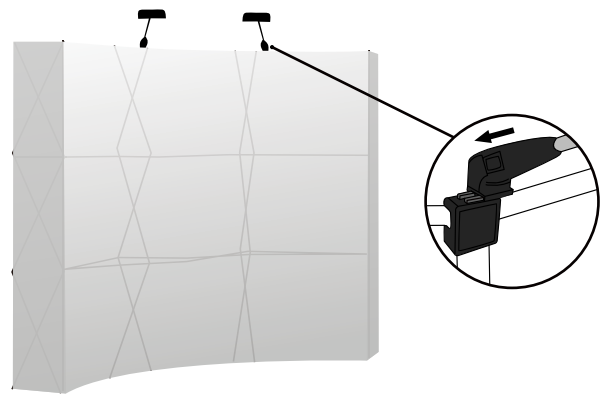

3 Install The Graphic

Identify the top of the frame by locating the light connector hubs. Attach the graphic from the top corners by aligning along the velcro strips as straight as possible.

4 Attach Led Lights

Slide the LED Lights onto the light connector hubs. Stand up the frame and shift until it is standing straight. Plug in your lights.

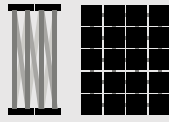

Storage & Care:

Store in a cool dry location. Clean hardware with a damp cloth. Machine wash the graphics in cold water on a gently cycle. Air dry only. Use a steamer for wrinkles. Never dry-clean.

1 Detach Graphic

Lay the frame down. Separate the velcro strips from the back and sides of the frame. Fold that portion of the graphic over the front.

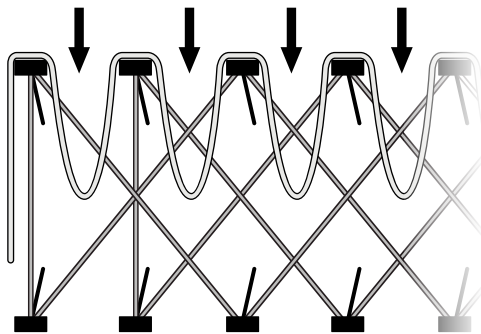

2 Unlock Arms

Make sure all locking arms are disconnected. Check that the velcro strips are not wrapped around the locking arms before collapsing the frame.

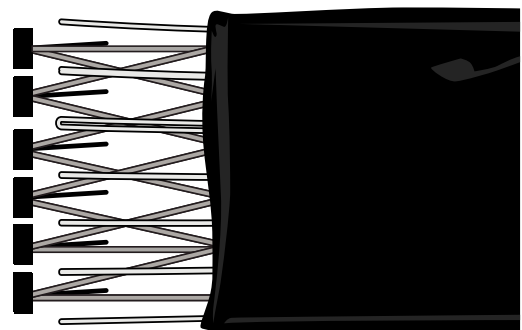

3 Compress The Frame

Slowly squeeze the frame together started from the corners. Ensure the graphic is distributed in all pockets as the frame comes together.

4 Future Use

Compress the frame tightly with graphic on if desired into storage bag for future use.
